### Module III: Swim, Snack, Sink

*Thinking Space: Use this area to write down your thoughts to help you answer questions about today's activity.*

<p>What happened when ocean acidification came into the game?</p>	
<p>Could ocean acidification affect how many pteropods are available for salmon to eat?</p>	
<p>Could ocean acidification lessen the amount of salmon/food our ocean provides us with?</p>	
<p>How might ocean acidification affect the amount of food our ocean provides us with?</p>	
<p>How can we responsibly manage our ocean to protect it for future generations?</p>
